CRG® Centre for Genomic Regulation | Training for scientists

PRESENTS

INTRODUCTION TO CLUSTER

Session 1 (online): 28th November **2022, from 10:00-13:00**
Session 2 (online): 29th November 2022, from 10:00-13:00
Session 3 (presential): 30th November 2022, from 10:00-13:00
Trainer: Emyr James **(Head of the CRG IT)**

This course will give an introduction to cluster computing in general, the basics of using Linux and using the computer clusters available at CRG and CNAG.

The course will consist of 3 sessions each of 3 hours.
The first 2 will be online and will cover introductory material, the third will be in the Bioinformatics room (PRBB patio) and will be a hands-on workshop using the cluster and expanding on material covered in the first 2 sessions.
